

# FORENSIC ANTHROPOLOGY UPDATE 2019

## 1<sup>st</sup> Hands-on Workshop on Human Remains Recovery: Exhumation to Examination

Venue : AIIMS Jodhpur

26<sup>th</sup>-28<sup>th</sup> March 2019

### Organized by:

Department of Forensic Medicine  
All India Institute of Medical Sciences  
Jodhpur 342 005, Rajasthan, India

## ABOUT THE WORKSHOP

Human remains are unequivocal pieces of evidence in medicolegal scenarios. Careful disinterment and analysis of excavated remains are essential for identification. For the very first time in India, All India Institute of Medical Sciences, Jodhpur is conducting a 3-day hands-on workshop on the intricacies of excavation/exhumation and examination of skeletal remains.

During the 3-day hands-on workshop on human remains recovery and examination, the participants will acquire the necessary skills required for exhumation of skeletal remains, maceration of the remains, and their examination, all of which are essential for establishing the biological profile of the deceased and criminal investigations.

The 3-day hands-on workshop would include on field demonstration, lectures and lab work relating to the entire process from exhumation to examination of skeletal remains.
