Venue: Multipurpose Hall/E-Classroom, 2nd Floor, Medical College Building, AIIMS, Jodhpur

Time	Session	Topic	Speaker
7.30-8.00	Breakfast		
8.00-9.00:	Session 1	Anatomy and Physiology of Airway	
8.00-8.15		Airway Anatomy in Adults	Dr. Vidhu Sharma
8.15-8.30		Airway Anatomy in Children	Dr. Nithin P Nair
8.30-8.45		Physiology of normal upper laryngopharyngeal airway	Dr. Ankur Sharma
8.45-9.00		Physiology of airway obstruction	Dr. Naveen Dutt
9.00-9.45	Inauguration and tea		
9.45-10.30	Session 2	Diagnosis of airway abnormality	
9.45-10.00		In Adults	Dr. Kapil Soni
10.00-10.15		In children including neonates	Dr. Jagdish Goyal
10.15-10.30		Radiology of airway abnormality	Dr. Pushpinder Khera/ Dr. Sarbesh
10.30-11.30	Session 3	Airway establishment	
10.30-10.45		Airway assistive devices for adults and paediatrics	Dr. Ankur Sharma
10.45-11.00		Manoeuvres in airway establishment and ventilation, and techniques of ventilation (both with and without devices)	hospital setting
11.00-11.15			field setting
11.15-11.30		Minimally invasive surgical airway techniques (IN HOSPITAL AND FIELD)	Dr. Nikhil Kothari
11.30-12.00	Session 4	Acute Airway Situations	
11.30-11.45		Airway in trauma and burns	Dr. Bikram Choudhury
11.45-12.00		Acute airway obstruction/ Choking	Dr. Amit Kumar
12.00-13.00	Lunch		
13.00-14.15	Session 5	Invasive Airway Establishment Techniques	
13.00-13.15		Surgical airway in adults	Dr. Abhishek Gugliani
13.15-13.30		Surgical airway in children	Dr. Nikhil Rajan
	Session 6	laryngo-pharyngo-tracheo-bronchoscopy	
13.30-13.45		Diagnostic Flexible endoscopy of Airway	Dr. Naveen Dutt
13.45-14.00		Diagnostic Rigid endoscopy	Dr. Sourabha K Patro
14.00-14.15		Scopy guided airway establishment in children and adults tips and tricks	Dr. Narender Kaloria
14.15-15.00	Session 7	Foreign bodies in Airway (Nose-Laryngopharynx-Trachea-Bronchus)	
14.15-14.30		Presentation, first aid and stabilising manoeuvre for airway foreign bodies	Dr. Prawin Kumar
14.30-14.45		Removal of foreign bodies (flexible techniques)	Dr. Ram Niwas
14.45-15.00		Removal foreign bodies (rigid techniques)	Dr. Amit Goyal
15.00-15.30	High Tea		
15.30-16.40	Session 8	Surgery of the airway	
		1. Collapsible airway in children's and adults	
15.30-15.40		Anaesthetic Consideration	Dr. Shilpa Goyal
15.40-15.50		Clinical presentation, diagnostics & surgery	Dr. Amit Kumar
		2. Stenosis and aplasia of airway	
15.50-16.00		Anaesthetic Consideration	Dr. Nikhil Kothari
16.00-16.10		Clinical presentation, diagnostics & surgery	Dr. Kapil Soni
		3. Tumour of trachea/subglottis	
16.10-16.25		Anaesthetic Consideration	Dr. Swati Chhabra
16.25-16.40		Clinical presentation, diagnostics & surgery	Dr. Darwin Kaushal

Airway Update For Residents

Programme: Day 2 (March 16 2019)

Venue: Multipurpose Hall/E-Classroom, 2nd Floor, Medical College Building, AIIMS, Jodhpur

8.00 to 8.30: Break fast

8.30-12.00: Hands on workshop

Number of stations: 4

Procedures: (To be performed on Mannequins by the Participants)

Rigid Endoscopy

Flexible endoscopy

Use of Airway Assistive devices

Endotracheal intubation

Fibre optic guided intubation

Surgical Airway: Cricothyrotomy and Tracheostomy.

12.00-13.00: Meet the Expert session

Discussion on difficult case scenarios brought by the Participants.

13.00-13.15: Feedback and valedictory

13.15-14.15: Lunch
