# Invitation

We are happy to announce our 2nd Radiology Refresher Course which is being organized by the Department of Diagnostic & Interventional Radiology, AIIMS Jodhpur on 13th-14th April 2019. The theme is "Exam-oriented Course for Post-Graduate Radiology Students". This will be a two day course, Day 1 will be dedicated to Mock Exam for the students and Day 2 for the Exam oriented Lectures. We would like extend our warm welcome to all the faculty members and residents. This refresher course is intended for Postgraduate MD and DNB students. We have tried our best to cover the important topics pertaining to all the systems keeping in mind the final exit exam for the students.

Eminent national faculties from various Institutes will be sharing their experience and expertise.

April is a relative pleasant season for visit to Jodhpur with plenty of discounts on boards for travel and, perhaps, the best time of the year to visit royal Rajasthan. This should provide an ideal opportunity to blend academics with pleasure in this global city and state. On behalf of the organizing committee, we invite you to this unique opportunity to interact with experts in the field. We fervently hope to help each other grow together. Accommodation on nominal rates can be arranged from our side on first come basis.

# About Jodhpur

Jodhpur is a city in the Thar Desert of the northwest Indian state of Rajasthan. Its 15th-century Mehrangarh Fort is a former palace that's now a museum, displaying weapons, paintings and elaborate royal palanquins (sedan chairs). Set on on a rocky outcrop, the fort overlooks the walled city, where many buildings are painted the city's iconic shade of blue.

Jodhpur has historically been the capital of the kingdom known as Marwar, which is now part of Rajasthan. Jodhpur is a popular tourist destination, featuring many palaces, forts and temples, set in the stark landscape of the Thar Desert. The old city circles the fort and is bounded by a wall with several gates.
